

Village Plan 2007

of Shirenewton; however the character of the village is constrained by the narrowness of the roads, plot boundaries and the juxtaposition of dwellings. While infill opportunities are nearly exhausted, it is intended that any new developments should maintain similar characteristics of form and layout. Identified Planning Constraints will result in the preservation of the character of the villages and the open countryside, providing for a well planned spacious and unencumbered form of development.

Action Points

The following action points arise:

Short Term (within a year)	<ul style="list-style-type: none"> Consider any Planning Applications in adherence to the MCC UDP and the Community Policies
Medium Term (1-5 years)	<ul style="list-style-type: none"> Develop further local policies in conjunction with MCC with reference to the interests of the local community
Long Term (5-20 years)
